

Dinosaur Planet

- *Work with adults at home to research more amazing facts about the age of the dinosaurs.*
- *Find non-fiction books at home (or in the local library) about dinosaurs. Bring them to school to share.*
- *Hunt for ferns, yew trees, monkey puzzle trees and other prehistoric plants while you are out and about. You might even find ornamental ferns in the houses of your family and friends.*
- *Create a dinosaur mask or hat.*
- *What birds are in your garden or local park. Look at them closely. Do you think they would walk like dinosaurs?*
- *Work with an adult to produce a dinosaur movie or show, using toys, puppets or models. Evergreen bushes and a rocky or dusty area of your garden or local park would make perfect film sets.*
